

- Machined billet aluminum construction
- Floating blade for consistent shaving depth even on coil or ovaled pipe
- Ideal for pipe prep on coupling, branch fitting and service tee outlet applications
- 1/2" CTS - 12" IPS
- Tapered Mandrel for different wall thicknesses for same size tubing.

Introducing the RiteScrape family of PE pipe & tubing scrapers. The most versatile electrofusion scrapers available today. Utilizing a unique floating blade system, RiteScrape eliminates scrape zone skipping and guide wheel lock up. It even produces a uniform scrape on oval pipe! Why take a chance on missing the mark by using inferior scraping tools? RiteScrape offers complete value; strong, consistent, long lasting and is locally stocked and supported.

Spring loaded, floating blade carriage handles uneven pipe surfaces with ease.

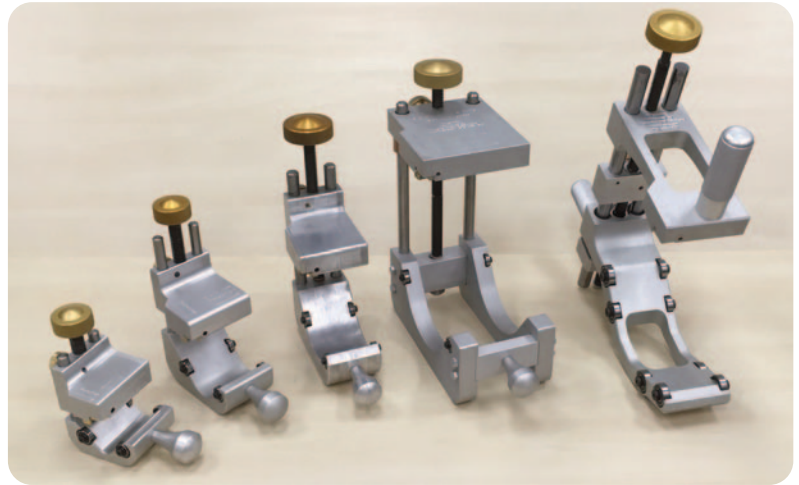

Sealed bearing guide wheels to ensure smooth travel around the pipe. Resistant to grit and moisture that causes seizing, chatter and skipping on other wheels.

Multi-Size Peelers

- Each tool handles multiple pipe sizes
- 1-1/4" through 12" main sizes

Model	Pipe Size
RITESCRAPE Multi-Size Scraper	1-1/4" - 2" IPS
	2" - 4" IPS
	4" - 6" IPS
	6" - 8" IPS
	6" - 12" IPS

Single Size Rotary Peelers

- Smaller profile for use in tight work areas
- 2" through 12" main sizes

Model	Pipe Size
RITESCRAPE Rotary Scraper V3 (Includes Bag)	1-1/4" IPS
	2" IPS
	3" IPS
	4" IPS
	6" IPS
	8" IPS
	12" IPS

NEW design with wider blade and stronger hinge point

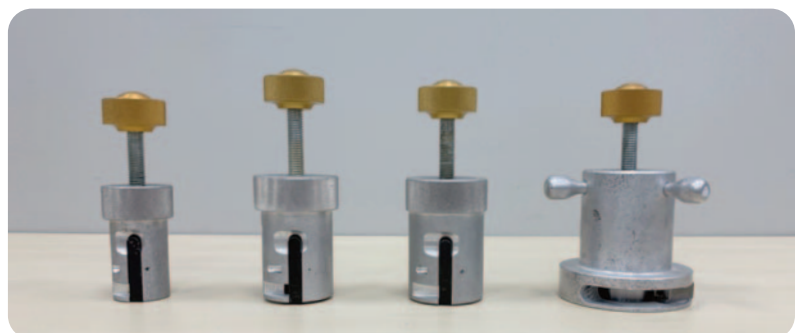

Tubing Scrapers

- 1/2" through 2" tubing sizes

Model	Tubing Size
RITESCRAPE Tubing Scraper V2	1/2" CTS
	3/4" IPS
	1" CTS
	1" IPS
	1-1/4" CTS
	1-1/4" IPS
	2" IPS

NEW quick blade release lever and tapered mandrel
